## Your Gifts Strengthen the Monroe County Community

A helping hand can make a world of difference for a family in crisis. With a little support, a struggling family can fight hunger as they get back on their feet, and working parents can afford to send their children to a high-quality childcare program. Just knowing there are community members who care for their well-being can change the outlook of families MCUM serves.

Community members like you play an essential role in sustaining MCUM's Affordable Childcare and Emergency Services programs. Your gifts improve lives by preventing homelessness, feeding hungry families, encouraging self-sufficiency, helping parents stay employed, and preparing children for success in school. When you give to MCUM, you're making Monroe County a better place for everyone, one person and one family at a time.

Can your neighbors in need count on you this season? Please give generously today. A gift of any size can do immeasurable good for a vulnerable family struggling to stay afloat. You can make your tax-deductible donation by using the enclosed envelope, giving online at [www.mcum.org](http://www.mcum.org), or contacting us at 812-339-3429.

The support of generous community members has allowed MCUM to provide important services to Monroe County residents for 74 years. We look forward to celebrating 75 years in service to the community next year, and we are grateful to be part of a community of caring supporters like you.

On behalf of the families and individuals MCUM serves,  
**thank you for your generosity!**

### 'Tis the Season for Giving Back

It's not too late for your family, congregation, or club, to take part in one of MCUM's many holiday giving opportunities, including:

- donating a ham or turkey for holiday food baskets
- organizing a "Toy Box" drive to collect items needed for MCUM's childcare program
- honoring a loved one with a donation to provide affordable childcare or basic needs assistance to a neighbor
- donating a food basket to ensure families in need can have a festive holiday meal
- collecting socks and underwear so adults and children can stay warm and clean this winter
- making a contribution to the rent and utility fund so a local family can stay in their home during the holidays

For more information about how you can make a difference, visit [www.mcum.org](http://www.mcum.org). Just click on the snowflakes for giving options, lists, and instructions.

# A Successful FUNdraiser in the Books!

MCUM hosted its second annual Never Grow Up! FUNdraiser at the childcare center on October 26. More than 60 individuals learned about MCUM during an evening of food—such as rainbow chard tacos from The Rail and s'mores cookies from Baked! of Bloomington—and fun, including karaoke and classic board games. Guests also enjoyed drinks from Upland Brewery and Brown County Winery. Best of all, the event introduced a group of active community members to MCUM's childcare and emergency assistance programs!

These enthusiastic individuals will help MCUM have a greater impact on the lives of community members in need by spreading the word about our services to their friends and neighbors. We look forward to their continued involvement as future MCUM event attendees, advocates, volunteers, or donors. We would also like to thank our other sponsors: Bicycle Garage Inc., Olson & Company P.C., Bloomington Bagel Company, Bloomington Sandwich Company, and Jennifer Titus Photography!

## Keep Your Family Safe This Winter

Did you know carbon monoxide (CO) is the most common cause of poisoning death in the U.S.? CO is an odorless, colorless gas produced whenever fuel is burned. Devices that produce CO include cars, stoves, and heating systems. CO from these sources can build up in enclosed spaces.

Since many symptoms of CO poisoning are similar to those of the flu, it may be difficult to distinguish between the two. Here are some ways to determine if CO may be the culprit.

- You feel better when you are away from your home.
- More than one person in the home gets sick at the same time.
- Symptoms occur or get worse shortly after turning on a fuel-burning device.

If you experience CO poisoning symptoms, open doors and windows, and turn off all fuel-burning appliances. Get fresh air and call poison control immediately at 1-800-222-1222. CO poisoning can be prevented by installing CO alarms in sleeping areas, checking heating systems and fuel burning appliances annually, and avoiding use of non-vented combustion appliances.

# MCUM's Strategic Plan: Innovation, Leadership & Endurance

MCUM's Board of Directors recently approved a five-year strategic plan that outlines our organizational goals and program directions for 2013-2017. With continued support from the community, MCUM has many exciting initiatives underway to improve program quality and meet changing community needs. Here is just one example from our plan:

**Initiative #10 is to "Expand collaborations with other social service organizations."**

MCUM is a United Way member agency and one of several local organizations with childcare and/or emergency services programs. We look forward to developing partnerships with other organizations as we make progress on our own agency goals! A complete list of strategic plan initiatives is available at [www.mcum.org](http://www.mcum.org).

You can ensure that MCUM's programs have an impact well into the future by making a gift to MCUM through your estate plan.

## Puffins

Have you heard the news? The Puffins are coming back! The classroom, which serves 2 - 2.5 year olds, has been closed since August 2011 due to funding challenges. We plan to reopen the Puffin Room in early 2014.

Help us keep the Puffin Room open! We are collecting three-year pledges from community members who are committed to high-quality, affordable early childhood education for the youngest children we serve!

Please contact us today to learn more about how you can support this important goal.

## Seahorses

Season's Greetings from the Seahorse room! This month, we will talk about all the holidays people celebrate around the world. Some of these include Christmas, Kwanzaa, and Hanukkah, which are celebrated in different ways in different countries. While not all people celebrate these holidays, it is important the children know about them so they can share them with their friends and family members.

We will listen to music from around the world and read the books, "Must be Santa," "5 Christmas Penguins," and others about Hanukkah and Kwanzaa. Some of the books we will read are about letters and numbers; specifically the numbers 4 and 5, and the letters G and H. We will also focus on the color red and the rectangle shape, so you will start to see different labels around the school and classroom to facilitate this.

We will present our annual Holiday program this month, which the children have really enjoyed in the past! All the MCUM children will perform a few of their favorite songs onstage! The kids dress up, and it is a joy for the parents to see their children having fun! Plus, Santa will come for a visit and talk to the children about what they want for Christmas or whichever holiday their family celebrates!

Happy Holidays! Stay safe and enjoy all the excitement of the winter season!

# Penguins

During the month of December, the Penguins will learn about holidays around the world. We will focus on Christmas, Hanukkah, and Kwanza, since those are typically celebrated in the United States. We will read books, such as “Hanukkah Lights, Hanukkah Nights,” “K is for Kwanzaa,” and “Merry Christmas from Biscuit.”

The Penguins will also continue learning letters, numbers, colors, and shapes. We will focus on: Ee and Ff; 3 and 4, red, and rectangles.

We will taste new foods, like cranberries and mushrooms, as well as learn about the food groups. We will also continue working on our classroom rules, such as using our words and not our hands, and using nice words and not hurtful or curse words.

For the holiday season, we will transform our classroom into a winter wonderland. We will make paper chains representing the different holidays (red, green, and black for Kwanzaa; blue and white for Hanukkah; and red, green, and white for Christmas). We will also have a felt Christmas tree the Penguins can decorate and undecorate as they desire. We will make ornaments and do other projects (some top-secret) related to the holidays we study.

We will round out the month with a holiday party and a visit from Santa. The Penguins would like to wish you a very merry Christmas and a wonderful new year!

# Otters

This month, the Otters will learn about different holidays from around the world. We will talk about Mardi Gras, Cinco de Mayo, Chinese New Year, and many more! We will also spend time on familiar winter celebrations, such as Christmas, Hanukkah, and Kwanzaa. The Otters will be busy, and our art area buzzing, as we make festive decorations to hang around our classroom and some to take home. As part of our school’s celebration, we will join the other classes to sing for our families on stage in our holiday program at Tri-North Middle School.

We are familiar with how our own families celebrate the holidays, but what do others do? We will share how our unique families enjoy the holidays, as well as read some of our favorite holiday stories, listen to holiday music, and spread our own brand of holiday cheer! We would love for families to get involved, so please come and share some your favorite holiday traditions with us!

Holidays aren’t the only thing the Otters will learn about ! We will still:

- learn new letters of the alphabet
- practice writing those letters
- remember various numbers
- practice writing those numbers
- practice spelling and writing our names
- remember school expectations
- remember to use classroom materials appropriately

And, most importantly, have fun!

# Dolphins

It’s beginning to look a lot like Christmas! The month of December is an exciting and busy time of year. It’s a time for decorating Christmas trees, sharing meals with family, and of course, waiting for Santa to arrive! This month, the Dolphins will spend time creating a festive mood in the classroom. We will decorate our Christmas tree, hang paper chains from the ceiling and put candy canes in our windows. We will also write letters to Santa, and make special ornaments to send home.

This month is a time to learn about the many Holidays that are celebrated around the world. We will learn about Christmas, Hanukkah, Kwanzaa and other holidays people celebrate this season. We will discuss how we celebrate, and invite families to come in and share their stories. The dolphins will begin to see that people often celebrate holidays in a similar manner.

We will have a Christmas party on December 20 before our long break, and would like to invite parents to join us. The Dolphins will perform special songs just for their families. We will also perform our favorite holiday songs at MCUM’s annual Holiday Program on December 2. Please invite your family and friends to joins us at Tri-North Middle School for some holiday cheer (and yummy refreshments, too!).
