Health Challenges Threaten Stability
Laura has overcome a lot in her life. She divorced from her husband recently, complicating her finances. She applied for food stamps, but her status as a full-time student rendered her ineligible. On top of her financial struggles, Laura’s doctors discovered lesions on her brain and suspect muscular dystrophy, but have yet to confirm the diagnosis. Laura’s illness has required her to decline job offers she would normally accept. Behind on her rent and facing eviction, Laura anxiously awaits an amended tax refund. She’ll be able to get her life back on track after starting a manageable job in the coming month, but the rent is due now. And hunger is immediate.

Emergency Services Coordinator Cliff Edens met with Laura to discuss what resources were available to help her get back on her feet and to provide her with emergency food. MCUM worked with her township trustee to pay the outstanding rent, preventing eviction and homelessness for our struggling neighbor. After already overcoming so much, we have high hopes that Laura will regain control of her life by utilizing other community resources, such as Volunteers in Medicine, and finishing her education.

Making Progress With CLIMBS

It has been a year since MCUM was selected to serve as Monroe County pilot site for a new initiative called the Caregivers Learning Indiana’s Model for Building Social Skills (CLIMBS), which focuses on improving emotional and social competence in young children as well as decreasing challenging behaviors that can impede learning for an entire classroom.

Over the past year, we have implemented school-wide expectations, which help classroom staff consistently use positive behavior support to encourage social emotional competence. It has been fun to watch children, teachers, AND parents embrace the expectations and catch each other following them!

Additionally, our staff has participated in 14 hours of CLIMBS training and parents were provided an opportunity to participate in a six-week training called “Parenting Solutions for Families.” This program helped parents understand why children act the way they do, why parents react the way they do, and how to teach appropriate behavior skills. Parents were also provided with a few resources to help them on their journey.

An additional CLIMBS goal is to create a “Book Nook” for each classroom to further encourage social emotional skill-building. The “Book Nook” provides activities designed around children’s book topics. Examples of suggested activities include using rhymes to talk about being friends, making emotion masks to help children identify and talk about different feelings, playing games around what to do with hands instead of hitting, and fun music and movement activities to express emotions. To achieve this goal, we need your help! Below is a list of needed book titles. We can use multiple copies (gently used or new) of each title. Questions about book donations? **MCUM’s Strategic Plan: Innovation, Leadership & Endurance**

Our Board of Directors recently approved a five-year strategic plan that outlines our organizational goals and program directions for 2013-2017. With continued support from the community, MCUM has many exciting initiatives underway to improve program quality and meet changing community needs. Here is just one example from our plan:

**Initiative #5: Increase food distribution from the Emergency Food Pantry from a 3-day supply for food to a 5-day supply of food for each family size by increasing annual food donations to the pantry by 27,000 pounds.**

To accomplish this goal, we will need many volunteers acting on our behalf in the community, seeking food drive opportunities and helping collected items reach our pantry. For more information about this and other strategic plan initiatives, contact Meri Reinhold, executive director, at mcum@mcum.org or (812) 339-3429 x11. A complete list of plan initiatives is available at www.mcum.org.
Cell Phone Recycling

When you upgrade your cell phone, stop to consider how to dispose of your old one responsibly. Some “recycling” programs ship phones to developing countries where they put human lives and natural resources in danger. MCUM is paid per phone ($0.50 - $35) by a recycling/refurbishing company with zero landfill and no-export policies. In addition, your phone will raise money to fund our programs.

Phones can be donated at Opportunity House, MCUM’s offices, and anywhere MCUM items are collected.

Thank You, Pantry Donors

We depend on donations received throughout the year to make a difference for local households in crisis. Listed here are some of the groups and households who have recently contributed food, cleaning supplies, and hygiene products:

- Bloomington Monthly Meeting of Friends
- Bonnie Branham
- Jef & Pam Davidson
- Fairview United Methodist Church
- First Christian Church
- First Presbyterian Church

**Seahorses**

**July 1 - 5 Experimenting**
This week the Seahorses will be doing a lot of experimenting. What happens when we mix vinegar and baking soda? How do we make snow? We will also add food coloring so that we can see ice melt. What will happen when we mix different colors together? What happens when we freeze water and then put salt on it?

**July 8 - 12 Ponds**
The Seahorses will talk about ponds this week. What do you find in ponds? We will sing songs about the five little freckled frogs and the five little ducks. We will also read "Little Ducks New Friend." Can you hop like a frog or waddle like a duck?

**July 15 - 19 Science**
What is the difference between science and experimenting? The Seahorses will find out! We will talk about skeletons and what our bodies are made of. Also, we will see what air does and how we can move air. We will read “Where Do Balloons Go?”. We will also look at items that sink and float.

**July 22 - 26 Space**
Let’s take our room out of this world for this week. The Seahorses will talk about space this week. How do they relax and what do they eat? We will read “Roaring Rockets.” What do you think it feels like to walk on the moon?

**July 29 - August 2 Oceans**
Bringing it back to earth, the Seahorses will take move from farthest space to deep down in the ocean. How many Oceans do we have? We will read “I Live Near the Ocean.” Now that we are in the ocean, this week we will talk about and count a lot of seahorses.

---

**Puffins**

The Puffin Room previously served 2 - 2.5 year olds. This room was closed in August 2011 as a cost-saving measure due to continuing funding challenges. While the room sits empty, we are considering plans for how to re-open the classroom in 2014.

If you would like to get involved in re-opening the Puffin Room, contact Executive Director Meri Reinhold at mcum@mcum.org or 812-339-3429 x11.

Opportunity House Update

by Jill Argenbright, Opportunity House Co-Chair

We at the Opportunity House have been hard at work to stay well-stocked with summer clothes as well as other “must have” items we think you might like. Some new volunteers are doing a superb job with pricing and as cashiers. If you have some free time, come join us as a volunteer!

Your donations always mean so much to us. However, we are full to the brim right now and need to get caught up. Sorry to say, we are not accepting donations until July 8. At that time our doors will once again be open to your generous donations.
