A Sense of Relief
The envelopes with bills in them always weigh the most. They seem to gain mass as you tear open the flap, quietly awaiting the dreaded “amount due” line. Jessica felt that dread growing in the pit of her stomach when she opened the bill from the electric company; the power was going to be disconnected if she could not pay $309.21. Although she had graduated the previous December with a bachelor’s degree in elementary education, she could only work as a substitute teacher until she received her teaching license. With children to care for, bi-weekly child support payments and $63-a-day substitute teaching were insufficient for Jessica to meet her monthly obligations. Jessica had a new job lined up for two months down the road, with a significant pay raise, but time wasn’t passing fast enough.

Cliff Edens, MCUM’s Emergency Services Coordinator, sat down with Jessica to discuss how she could avoid utility shut-off, and a massive hit to her credit, before she started her new position. The two discussed her expenses, and Cliff agreed to cover a portion of her electric bill to meet the amount due. The look of relief on her face was moving, and a testament to the importance of the Emergency Services Program. Thank you for relieving the worry in the pit of Jessica’s stomach. You made a real difference in her life when she needed the support the most.

Profiling Generosity: Jef & Pam Davidson
“In our family, philanthropy and community service are family values, talked about and lived, for we believe philanthropy is a learned behavior which parents can teach. We are well aware of how hard many families struggle, one paycheck away from homelessness, so we share because we have enough and want to help our neighbors in any way possible. We look at the sale circulars each week for what we give, and are delighted knowing families can do their laundry or shampoo their hair with what we’ve added to MCUM’s closet. We believe that everyone can make a difference if they only so choose and then act. All members of our family experience the sheer joy of giving, helping, participating and though we are not members of any of MCUM’s member churches, we appreciate how well run it is by a caring staff and how many families it impacts positively, every day.”

Sponsor a Preschool Swimmer
MCUM’s Penguins, Otters, and Dolphins will visit Mills Pool, the city pool located right across the street from our Childcare Program all summer long. These visits to the pool teach water safety, build swimming skills, support motor development, and are lots and lots of fun!

Parents pay an additional fee for this activity and your donation of $28 will provide a “swimmership” for low-income children who live outside the city limits or city residents who don’t qualify for a swim fee voucher from the city. Send in your donation today (make sure we know it is for a swimmership) and let the summer fun begin!

Feinstein Challenge Success
Thank you to everyone who contributed to the Feinstein Challenge in March and April. We raised $125,379 in donations and 6,088 pounds of donated items for the Emergency Food Pantry. This strong community support means that we qualify for a portion of the $1M matching grant from the Feinstein Foundation, but it also allows us to help our neighbors in need by providing basic needs assistance to people in financial crisis. In the first four months of the year, we distributed enough food to make 18,975 meals, prevented homelessness for 20 households through financial assistance, and distributed 3,407 cleaning and hygiene items.

Your Garden Can Make a Difference
Are you an avid gardener who may have excess yields of fruits and vegetables this spring and summer? Consider donating produce to the MCUM Childcare Kitchen! Our flexible kitchen staff can work your fresh produce into menus the same week. Even if you don’t think you have enough for 80 children, we’ll accept the donation and creatively put it to use!

As MCUM has been awarded “Gold Standard” status by the Child and Adult Food Care Program (CACFP) for its work in creating a healthy food and exercise environment, your contributions can help us introduce more fresh, locally-sourced food to our kitchen. We’d like to thank Childcare Director Traci Mehay for her dedication to this project to ensure we are offering the best conditions possible for the children enrolled in our Childcare Program.

Make an Impact with an Estate Plan

When was the last time you updated your estate plan? Do you have a will? Have you discussed your wishes with your loved ones?

When you make these important decisions, pause to think about how you can make a meaningful impact on your community by making a gift to MCUM through your estate plan. A simple bequest (a dollar figure, percentage, or remainder) can go a long way to making sure our programs are available for as long as they are needed.

Sample Language for Your Will or Trust

Making a bequest to MCUM is a simple way to show your long-term commitment to helping our neighbors in need.

Sample Bequest Language:
I hereby leave [specific dollar amount/specific property/specific percentage/rest and remainder, etc.] of my estate to Monroe County United Ministries, Inc., a not-for-profit corporation in Bloomington, Indiana, to be used for the benefit of the organization in such manner as the board of directors may elect.

Good Luck, Graduates!

On May 21, 13 children graduated from MCUM’s Kindergarten. An additional 24 preschoolers prepared to enter Kindergarten in the fall. In addition to their diplomas, all the graduates received goodie bags containing school supplies, fun treats, and books provided by First Book Monroe County.

Some of our preschool graduates will continue in MCUM’s Kindergarten, others will enter the public school system but we know that all have a better chance of success because of their participation in a high quality early childhood education program.

These children are more likely to graduate from high school, attend college, avoid the need for welfare programs as adults, and more. This program would not be possible without strong community support so after we give a round of applause to our graduates, we also want to thank the funders, donors, and volunteers who made this graduation ceremony possible.

MCUM’s Strategic Plan: Innovation, Leadership & Endurance

Our Board of Directors recently approved a five-year strategic plan that outlines our organizational goals and program directions for 2013-2017. With continued support from the community, MCUM has many exciting initiatives underway to improve program quality and meet changing community needs. Here is just one example from our plan:

Initiative #4 Investigate the feasibility of offering infant and toddler care.

There is a great need in the community for affordable care for infants and toddlers but there are many issues to consider before deciding to implement such a program. For more information about this and other strategic plan initiatives, contact Meri Reinhold, executive director, at mcum@mcum.org or (812) 339-3429 x11. A complete list of plan initiatives is available at www.mcum.org.
Cell Phone Recycling

When you upgrade your cell phone, stop to consider how to dispose of your old one responsibly. Some “recycling” programs ship phones to developing countries where they put human lives and natural resources in danger. MCUM is paid per phone ($0.50 - $35) by a recycling/refurbishing company with zero landfill and no-export policies. In addition, your phone will raise money to fund our programs.

Phones can be donated at Opportunity House, MCUM’s offices, and anywhere MCUM items are collected.

As we celebrate dads for Father’s Day, the Otters will spend the week sharing why our own dads, grandpas, papaws, and other father figures are so special. We will be reading books about the special bond between a father and his child and creating our own top secret Father’s Day surprises in the art area. Head, shoulders, knees, and toes...The Otters will be talking about all that makes up our bodies.
