A Place That Makes a Difference

Jennifer Anderson, a former childcare parent and mother of five, shared her story of prescription drug addiction and redemption at our recent luncheon. Her remarks, edited for space are reprinted here.

Jennifer’s story at MCUM began 10 years ago, when she was the single mother of two. In college and working, she had just enough money to pay for living expenses. It was then that she started sending her oldest, Noah, to MCUM because of the quality facilities and affordability. Jennifer knew that MCUM was a great place for her kids—Noah learned a great deal from his teachers, who had lesson plans and engaging activities for the kids. But after a few years things started to grow bleak at home.

My life was out of control at this time because I was addicted to prescription drugs. [My kids] were only coming to school maybe once a week and Traci Mehay, the Childcare Director, had to make a hard decision and asked us to leave United Ministries. At MCUM I was getting to bring my children for a low cost and they would only attend once a week. There were other families that could have used MCUM’s services and brought their kids every day.

I found my life falling apart. I no longer was a good mother, a good provider, a good role model. I lost all self-worth. I lived to get high. I ended up losing all my children because of my reckless life and it ended up being the best thing that could possibly happen. In this journey I believe God put some amazing people in my life...my case worker, my family, my minister; I could go on and on. I worked very hard to stay clean and change my life. The state acknowledged all my efforts and awarded my children back home.

I made a phone call to Traci and told her my story and why I never took my kids to MCUM when they were enrolled because I was an addict. I told her that I was now clean and had my kids back and I asked her for a second chance. Traci showed me grace and forgiveness that day and let my family and me come back to MCUM. I thank God daily for second chances.

This is when I found out just what MCUM was about. I was very busy with work, my children, my recovery, and church, and I was doing this all as

The Feinstein Challenge Helps Others Face Challenges

We are still crunching the final numbers from the Feinstein Challenge, the opportunity that matches food and funds collected in March and April, but we can say that the 2013 challenge was a success! Generous support from the community will allow us to continue our Emergency Services Program, which provides basic needs assistance (food, clothing, rent assistance, hygiene products, etc.) to those in crisis. What brings someone to MCUM to seek assistance?

- loss of a job
- divorce
- injury
- car repair
- reduction in work hours
- illness
- necessary home repair
- delays in receiving food stamp or disability benefits

Thank you to everyone who contributed to the Feinstein Challenge, supporting MCUM’s efforts to help people in crisis meet their personal challenges.

**Make an Impact with an Estate Plan**

How long have you been a MCUM supporter? Do you volunteer? Donate food? Organize a mitten drive within your club? Make a financial donation?

No matter how you support MCUM, you can ensure a meaningful impact on this important community organization by making a gift through your estate plan. A simple bequest (a dollar figure, percentage, or remainder) can go a long way to making sure our programs are available for as long as they are needed.

**Sample Language for Your Will or Trust**

Making a bequest to MCUM is a simple way to show your long-term commitment to helping our neighbors in need.

Sample Bequest Language:
I hereby leave [specific dollar amount/specific property/specific percentage/remainder, etc.] of my estate to Monroe County United Ministries, Inc., a not-for-profit corporation in Bloomington, Indiana, to be used for the benefit of the organization in such manner as the board of directors may elect.

**Ensure MCUM’s Future with Matching Money**

MCUM’s endowment fund with the Community Foundation of Bloomington and Monroe County will help to ensure that MCUM can provide assistance to Monroe County residents in poverty for as long as those services are needed.

The Matchstick Endowment Matching Program can help to make your endowment go even further. For every two dollars donated by the community, the foundation will add an additional dollar to MCUM’s endowment. When we raise $30,000 in 2013, the foundation will add an additional $15,000. Donations should be made directly to:

Community Foundation of Bloomington & Monroe County
101 W. Kirkwood, Suite 321
Bloomington, Indiana 47404.

Don’t forget to note that the donation is for MCUM’s endowment. For more information about this opportunity, contact Rebecca Stanze at (812)339-3429 x15 or development@mcum.org. To check on our current campaign balance, contact the foundation at (812) 333-9016.

**MCUM’s Strategic Plan: Innovation, Leadership & Endurance**

Our Board of Directors recently approved a five-year strategic plan that outlines our organizational goals and program directions for 2013-2017. With continued support from the community, MCUM has many exciting initiatives underway to improve program quality and meet changing community needs. Here is just one example from our plan:

**Initiative #3: Reopen the Puffin Room to serve 2 to 2.5 year old children.**

The Puffin Classroom closed in 2011 due to funding challenges. We have an empty classroom and more than 60 children on a waiting list for this affordable, high-quality program. Ready to take action on behalf of the Puffins? Contact Meri Reinhold, executive director, at mcum@mcum.org or (812) 339-3429 x11.

A complete list of plan initiatives is available at www.mcum.org.
Cell Phone Recycling

When you upgrade your cell phone, stop to consider how to dispose of your old one responsibly. Some “recycling” programs ship phones to developing countries where they put human lives and natural resources in danger. MCUM is paid per phone ($0.50 - $35) by a recycling/refurbishing company with zero landfill and no-export policies. In addition, your phone will raise money to fund our programs.

Phones can be donated at Opportunity House, MCUM’s offices, and anywhere MCUM items are collected.

**Seahorses**

April 29 - May 3 - Nursery Rhymes  
This week the Seahorses are going to learn about nursery rhymes. We will look at familiar old ones as well as some not so familiar rhymes. We may put ourselves into the rhyme to have more fun. Instead of “Humpty Dumpty sat on the wall,” try “Marycarole sat on the wall, Marycarole had a great fall.”

May 6 - 10 - Shapes  
The Seahorses will see shapes all around them, including street signs, sidewalks, houses, and other objects. The Seahorses will paint shapes, shape them in shaving cream, and even see if we can find them in foods we eat. In the end we will make a shape collage together. What shape is your favorite?

May 13 - 17 - Beaches  
Let’s go to the beach! We will build sand castles and play beach ball. We will talk about the oceans, and see what different kinds of seashells come from the beach. On Friday we will have a beach party with music from whom else but the Beach Boys!

May 20 - 24 - Plants and Flowers  
It is that time of year when we see such beautiful colors popping out of the ground. The Seahorses will talk about flowers and plants this week. We will plant flowers for someone special: our mothers.

May 27 - 31 - Nature  
What is nature and how do we protect it from damage? We will talk about our surroundings and what we find in it, but we will also talk about keeping it clean and recycling. What are your favorite things about nature? Do you like the plants or the animals? Who has been camping? Who has been hiking? We will be taking a walk around the school and seeing what we can find involving nature.

---

The Puffin Room previously served 2 - 2.5 year olds. This room was closed in August 2011 as a cost-saving measure due to continuing funding challenges. While the room sits empty, we are considering plans for how to re-open the classroom in the future.

May 6 - 10 - Moms
This week in the Otter Room will be spent sharing some of our favorite qualities of our mother figures, whether it be a mom, a grandma, an aunt, or a friend. The art area will turn into our top-secret mother’s day area as we work on some very special projects for our favorite ladies!

May 13 - 17 - Transportation
